## International Summer Camp

Join the John Paul International Summer Camp from July to August for an educational and cultural adventure like no other. Tailored for international students, this program allows participants to experience the vibrant lifestyle of John Paul College (JPC). With flexible enrolment options, students can begin their camp journey any Monday during the program's operation, staying for as little as one week. Whether just starting their English language journey or already at an advanced level, students will be placed in a suitable learning environment that meets their academic needs.

Students will be warmly welcomed into our Premium Homestay Program, staying with local families who help them adjust to life in Australia. This unique living arrangement allows students to immerse themselves in Australian culture, participate in everyday customs and traditions, and form lasting relationships with their hosts. Our homestay program offers not only a safe and supportive environment but also an enriching cultural exchange that fosters personal growth and a deeper understanding of the Australian way of life.

# Homestay Accommodation

Our Premium Homestay Program is thoughtfully designed to offer international students a true home-away-from-home experience. Each of our carefully selected homestay families opens their doors to embrace students as part of their own, providing a safe, nurturing, and supportive environment where students can thrive academically, socially, and emotionally.

Living with a local family offers students a unique opportunity to fully immerse themselves in Australian culture. From learning new customs and traditions to building meaningful connections with their hosts, students will find themselves growing both personally and culturally. Our dedicated homestay parents are committed to ensuring a smooth transition into life in Australia and are always available to offer guidance, support, and care.

## Comfort & Care:

Students enjoy a well-rounded experience with three daily meals—breakfast, lunch, and dinner—prepared to accommodate individual preferences and tastes. Our homestay families ensure that students feel comfortable, supported, and well-nourished during their stay.

## Comprehensive Support:

Our homestay arrangement includes convenient laundry services and easy transportation to and from school, allowing students to focus on their studies and enjoy their time in Australia without any added stress.

## Share twin room:

Students will stay in a shared twin room, fostering friendship and camaraderie, further enhancing the communal and inclusive experience of the homestay program.
